YUCATAN BADLY ORN BY STIFF IN MEXICO

Times Mighty Difficult for Foes of Carranza, Declares Railway Manager.

MOBILE, Ala., March 31.—Conditions are worse today in Yucatan than at any time during four years of revolution in Mexico, according to E. W. Blake, of Meridia, general manager of the United Railways of Yucatan, who, with his wife and four children, has arrived in Mobile on the American schooner James W. Paul, Jr., from Progreso.

As the Carranza government has commandeered the railway, his services were not needed, and he decided to come to the United States for a "vacation."

Times Held Mighty Bad.

"Times are mighty bad in Yucatan right now, especially for any one who is opposed to Carranza," said Mr. Blake. "The independent movement, which was started in February, is now confined to the section around Campeche, while Carranza controls both Progreso, the seaport, and Meridia, the capital."

"Hundreds of men and women have left the country since the revolution, believing that Carranza would punish them for opposing his administration of the state. The independent movement of the James W. Paul, Jr., the Norwegian steamer Nils sailed hurriedly for Galveston with more than 400 refugees on board. The ordinary passenger accommodations on the Nils were far about ten."

Carranzistas Attacked.

"Money was sent to New York and Cuba for arms and ammunition, and while the supplies were supposed to be on the way Yucatan soldiers, 1,200 in number, drove Santos, Governor of Yucatan, appointed by Carranza, and his force toward Campeche. Carranza learned of conditions and ordered reinforcements to Progreso."

"The independents are a determined lot, but they could do nothing on one side with the Carranzistas on the other. Carranzistas and the Yucatanians lay in trenches facing each other. Ammunition was hoarded at the Carranza camp, and when they began shooting our force could not reply and broke and ran. We had 1,300 in our army, and that night only 200 could be found."

Mr. Blake said the revolt in Yucatan was the direct result of the removal of Avila, former governor appointed by Carranza, who was deposed and succeeded by Santos. Led by Ortiz Arzuaga, an Avila sympathizer, an insurrection was started for the purpose of establishing the importance of Yucatan, possibly under an American protectorate. But for the failure of munitions to arrive, said Mr. Blake, the insurrection could not have been so quickly crushed.

The schooner James W. Paul, Jr., on which Mr. Blake was a passenger, arrived on Mobile March 7, with a cargo of grain and foodstuffs for Yucatan.

ROBERT R. BOARMAN DEAD.

Former Railroad Attorney Succumbs at Age of Eighty-Three.

Special Correspondence of The Star.

HYATTSVILLE, March 31.—Robert R. Boorman, died yesterday afternoon at Hyattsville, the home of his daughter, Mrs. R. B. Roberts Coates, with whom he had been living for about twelve years. Mr. Boorman was nearly eighty-three years old, having been born in Hartford county, Md., April 10, 1832. For many years he practiced law at Towson, the county seat of Baltimore county, and was known as "Railroad Boorman" on account of being counsel for a number of railroads. He was an associate and friend of such distinguished jurists as Bernard Carter, John P. Poe and Pinkney Whyte. He is survived by his widow, Mary Isabelle Boorman, nee Wetherall, and two daughters, Mrs. Howard Hungerford Sypher of Philadelphia and Mrs. L. Roberts Coates of this place.

Funeral services will be held tomorrow morning at Hyattsville, and the body interred in Greenmount cemetery, Baltimore. The pallbearers will be Howard H. Sypher and L. Roberts Coates, his sons-in-law; Willen Gasterday and Robert Boorman Coates, his grandsons; and Herman Massey and William G. Wetherall of Baltimore.

H. B. MOULTON AGAIN CHOSEN.

Will Preside During Coming Year Over Vermont State Association.

H. B. Moulton again was chosen to preside over the organization during the ensuing year at a meeting of the Vermont State Association last night at 1710 I street northwest. Other officers elected were: Charles H. Brook, treasurer; George O. Knapp, secretary; Ernest L. Crandall, secretary; Hugh C. Smith, financial secretary; Raymond Hall, treasurer.

Last evening's meeting, the last one scheduled before the annual maple sugar festival of the association, which concludes the year's activities, was featured by a musical program in which Mrs. Ruth Simpson, Mrs. R. L. Waters, Mrs. James Kerr, Mrs. Charles S. Smith and Miss Ida Ullman took part, as well as by stereopticon views of Russian scenes.

RAINSTORM IS DEFLECTED.

Was Heading Toward Washington, But Was Lost En Route.

A rainstorm which appeared to be heading this way from the south veered off some time in the night and presumably slid into the Atlantic off the Georgia coast. There is less prospect of a storm to break the present drought than there was last night, according to the forecaster at the weather bureau today, and the plants had better be protected again by wisps of straw and newspapers, as there is every sign of another frost tonight.

There have been storms of both rain and snow in the south, but elsewhere east of the Rockies there has been a dry spell, which perhaps will interfere with the spring plowing and planting.

There is an area of low pressure along the Atlantic coast, said the forecaster today, "and probably east of that an area of high pressure, so that the low pressure is keeping back the high. Since the war we haven't been receiving reports from Europe, and we don't know what sort of conditions they are having, but the barometer along the Atlantic coast on this side has been unusually and steadily low for a month."

"Charge" Your Purchases if You Like.

Take advantage of the opportunities offered you by our "Charge Accounts" to Select Your Easter Suit now. We'll "charge" it on an open account and arrange the payments to suit your convenience.

Gives "Modern View of Bible."

The Brotherhood of the Anacostia Methodist Episcopal Church met last night in the Sunday school portion of the church, 14th and U streets southeast, at which time Dr. Frank W. Collier of American University delivered a talk on "The Modern View of the Bible." The subject was led by D. C. Smith, director of the choir. The organization plans two other gatherings this spring, the next to be held the evening of April 14, when Rev. E. K. Hardin is scheduled to speak on "Some Jobs for Men in the Church." April 28 the men will give a "spring supper" in the church hall to raise funds to carry on their work.

NAVY RECRUITS MAINLY FROM COUNTRY TOWNS

Analysis of Federal Figures on Enrollment Shows Big Cities Are Second.

Figures compiled at the Navy Department show that the United States Navy is recruited mainly in the small communities in the interior, and not in the coastal cities, as had been generally supposed.

"An analysis shows," said Secretary Daniels, "that interior states, such as Illinois, Indiana, Iowa, Ohio and Pennsylvania, furnish their fair quota to the personnel of the navy. It may be stated, too, that a further analysis shows that a majority of these young men enlisting in the navy do not come from the cities or seaport towns, but from the smaller communities of the various states."

There were 52,667 enlisted men June 30 last, and of these five came from Alaska and 2,102 from the insular possessions. New York, with 7,322, led all the states in the number furnished; Pennsylvania, was second with 5,013, and Massachusetts was third with 3,420.

List by States.

The list by states follows: Alaska, 428; Arizona, 39; Arkansas, 304; California, 2,112; Colorado, 520; Connecticut, 924; Delaware, 251; District of Columbia, 678; Florida, 212; Georgia, 777; Idaho, 98; Illinois, 2,480; Indiana, 1,501; Iowa, 1,016; Kansas, 611; Kentucky, 738; Louisiana, 85; Maine, 307; Maryland, 1,588; Massachusetts, 3,420; Michigan, 1,118; Minnesota, 594; Mississippi, 327; Missouri, 1,408; Montana, 114; Nebraska, 340; Nevada, 19; New Hampshire, 230; New Jersey, 2,658; New Mexico, 85; New York, 7,322; North Carolina, 609; North Dakota, 126; Ohio, 2,328; Oklahoma, 609; Oregon, 348; Pennsylvania, 5,013; Rhode Island, 1,062; South Carolina, 397; South Dakota, 134; Tennessee, 792; Texas, 1,600; Utah, 100; Vermont, 124; Virginia, 1,497; Washington, 1,497; Wisconsin, 341; Wyoming, 969; no residence, 106.

Stevenson Bible Class Holds Social.

The Stevenson Bible Class, which is composed of non-church members and which has Rev. Hugh T. Stevenson, pastor of Bethany Baptist Church, as teacher, held a social last evening at the church, 14th and U streets northwest. Rev. Stevenson, president of the organization, was unable to attend and Charles D. Shackelford presided over the affair.

Rev. Mr. Stevenson made a brief address, as did David Wolf. Later the Kaledonia, an Avila sympathizer, an insurrection was started for the purpose of establishing the importance of Yucatan, possibly under an American protectorate. But for the failure of munitions to arrive, said Mr. Blake, the insurrection could not have been so quickly crushed.

The schooner James W. Paul, Jr., on which Mr. Blake was a passenger, arrived on Mobile March 7, with a cargo of grain and foodstuffs for Yucatan.

DR. SUN YAT SEN CALLS FOR CHINESE REVOLUTION

Declares Yuan Shi Kai Is Bargaining With Japan to "Egyptianize the Republic."

HONOLULU, March 31.—In a letter written at Tokyo under date of March 19 to friends here, Dr. Sun Yat Sen, former president of the Chinese Republic and now political exile in Japan, denies that he has entered into an agreement of any kind with Yuan Shi Kai, present head of the Chinese government, and in a warning to his compatriots, alleges that President Yuan has entered into a private compact with Japan to concede that government's demands, receiving in return promise of support of Japanese arms to suppress "liberty-loving Chinese."

Crisis Has Arrived, He Says.

Dr. Sun's letter asserts that a "crisis has arrived." If Japan, he says, is permitted to carry out her plans, others of the great powers will demand portions of China as their compensation.

"This means," the letter declares, "nothing short of dismemberment," and adds:

"I have positive proof of these things. Their verification lies in the face of current history."

Japan, according to Dr. Sun, "would Egyptianize China."

"The only way to save China," the letter continues, "is in a complete reformation of the Chinese government. Immediate action is necessary by the quickest step possible—that step is revolution."

Sacrificed Life for a Kitten.

PHILADELPHIA, Pa., March 31.—Lemuel T. Rathell, a wealthy oyster dealer, died Monday night from injuries received in rescuing a kitten from the slippery side of the glass skylight above his office along the Delaware river front. Rathell climbed out on the roof to assist the cat and was bringing it back in his arms when he crashed through the skylight and fell thirty feet.

WOMAN'S "LIBERTY BELL" CAST IN TROY, N. Y., FOUND

Gift to Suffragists, Designed to Be Duplicate One Which Proclaimed U. S. Independence.

TROY, N. Y., March 31.—Women's suffrage leaders from New York, Pennsylvania and Massachusetts gathered here today to superintend and celebrate the casting of a women's liberty bell in a local foundry. The bell was designed to be a duplicate of the famous liberty bell which announced the declaration of independence. When completed it will be
